

Hey!

Thanks for your interest in Vetro! I've used them since 2015, and can attest that they are one of Japan's most premium gel option.

We have a very good relationship with both the Vetro Canada and Vetro USA distributors, that they both wanted to offer an affiliate code for my subscribers to earn 10% off of their products.

The code is PPN10.

Shop whichever is nearest to you, or offers the best shipping option to your country.

Obviously if you live in Canada or the US, order from your country.
